

An Open Letter to Our Community: Covid-19

In response to the recent outbreaks of Covid-19 overseas and in Australia, Northern Gulf has activated its pandemic response plan.

Our plan is intended to ensure Northern Gulf can continue its work in the community, to the greatest extent possible, while protecting our staff and stakeholders from the risks associated with Covid-19.

We have currently implemented the following measures:

- Restricted access to offices
- Restrictions on domestic travel and face-to-face meetings
- Additional precautions for internal meetings
- Implemented remote working arrangements for staff
- Additional cleaning of offices, and
- Extra personal hygiene supplies and advice for staff and contractors

While these measures may change the way we interact with our communities slightly, and you are much less likely to see us out and about these days, rest assured we are still operating at full capacity.

Unfortunately we have had to postpone a number of events and convert others to online meetings, but whenever possible we will be attempting to continue to provide the same services we have been, and assist our communities to adjust to the new ways of living and working required to address this national crisis.

We would love to hear from you if you have any suggestions for ways we can assist local businesses and communities at this time, or would just like to have a chat about how your community or family is being impacted. You can always contact us by:

- Calling any of our staff on their usual mobile numbers
- Calling our office on (07) 4092 1088
- Via our website: <https://mynortherngulf.org/contact/>
- By email: corporate@northerngulf.com.au
- Through our facebook page: @northerngulf

We are committed to continuing to support the people of our region in cultivating living landscapes and local livelihoods as we face these challenges together.

Regards,

Zoe Williams
Chief Executive Officer

Riki Gunn
Chair
